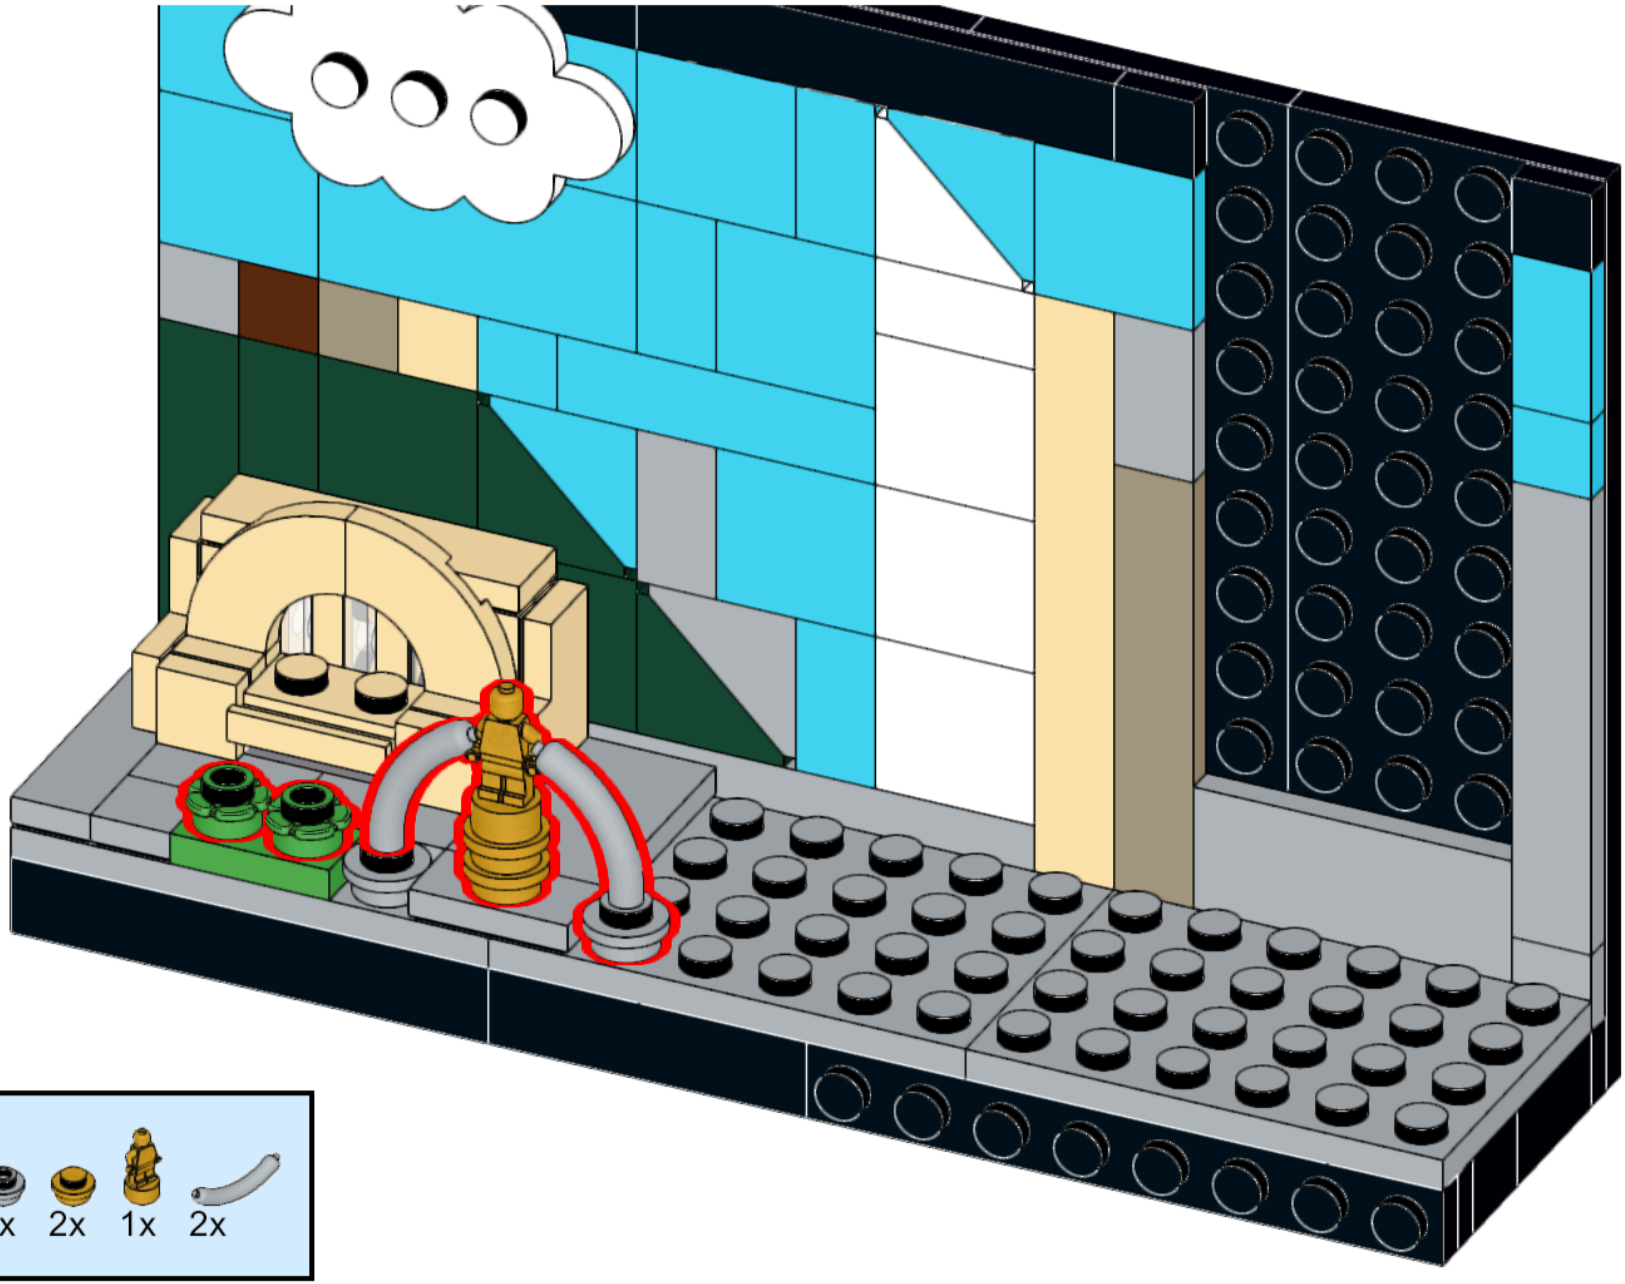
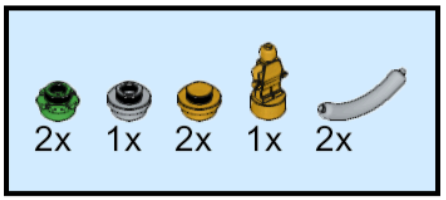
Union Terminal opened in 1933, and at its peak in the 1940s the station served over 200 trains per day. Presently it continues to serve train passengers and welcome thousands of museum visitors every year.

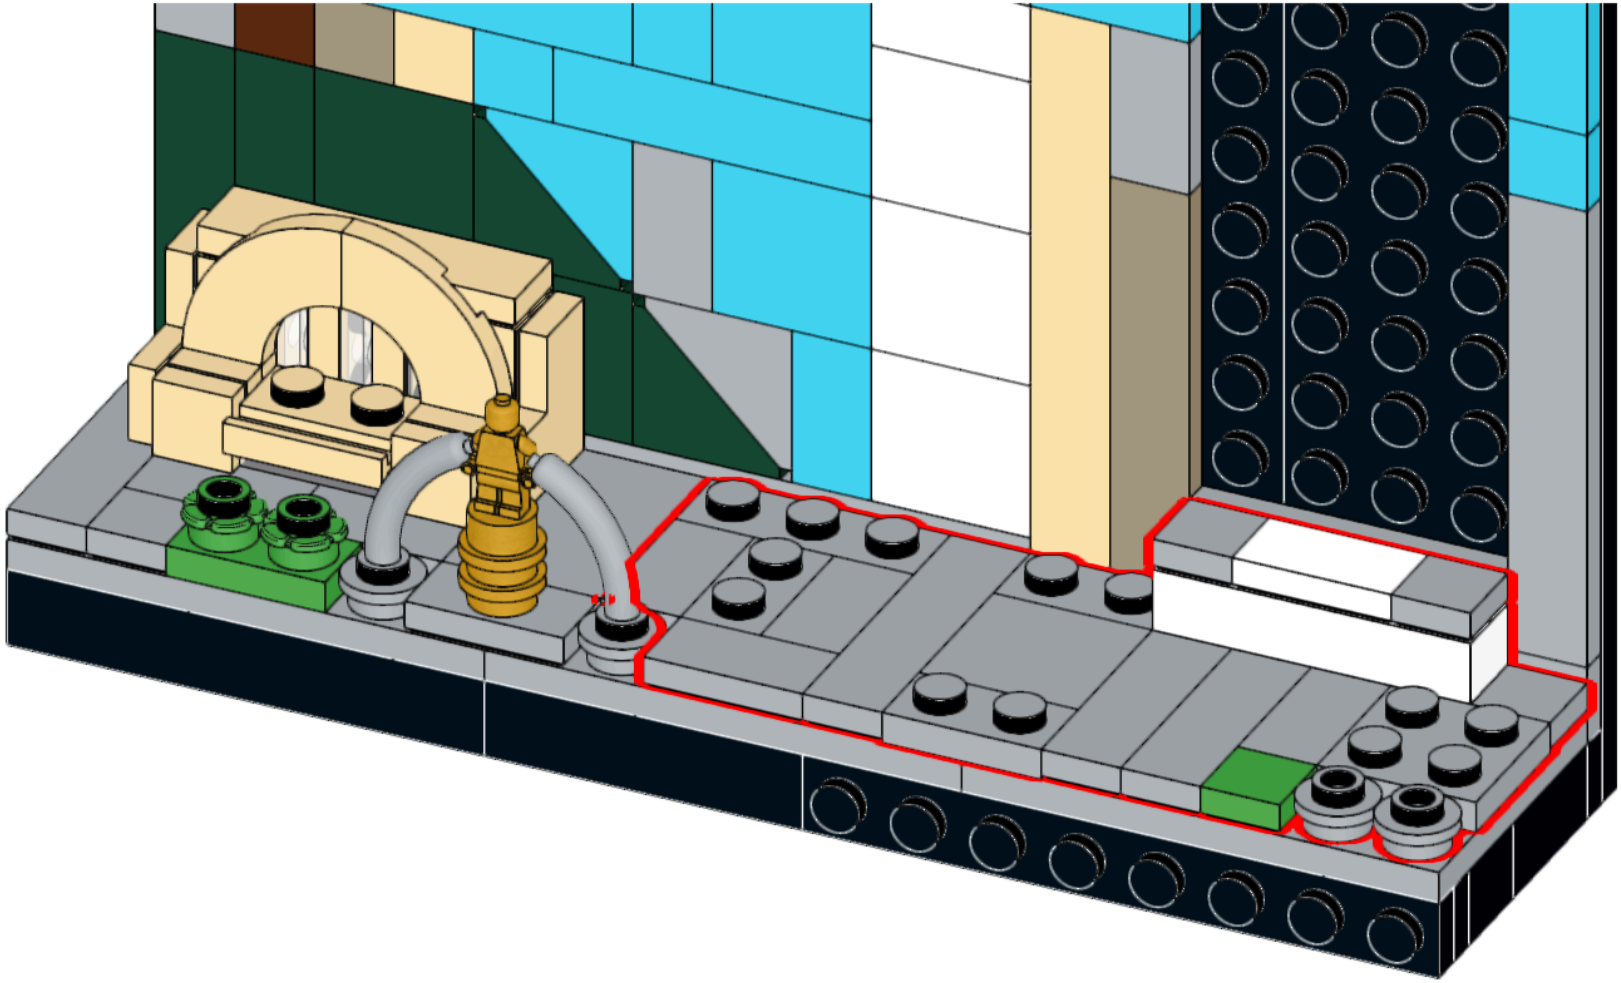
16

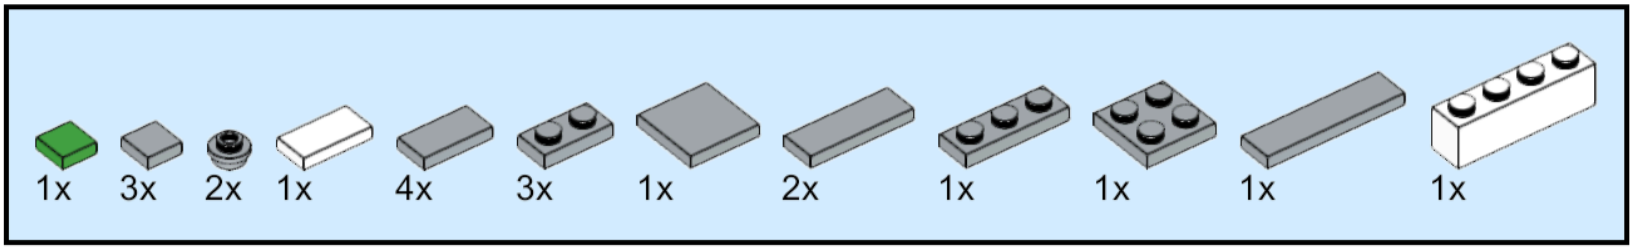




When the Tyler Davidson Fountain (located in Fountain Square) was dedicated in 1871, it wasn't just decorative—people, horses, and even dogs could drink from it, serving the bustling streets of 19th century Cincinnati.

17





In the 1800s, Cincinnati became famous as “Porkopolis,” a nickname earned through its booming pork-packing industry that supplied meat to communities across the country.

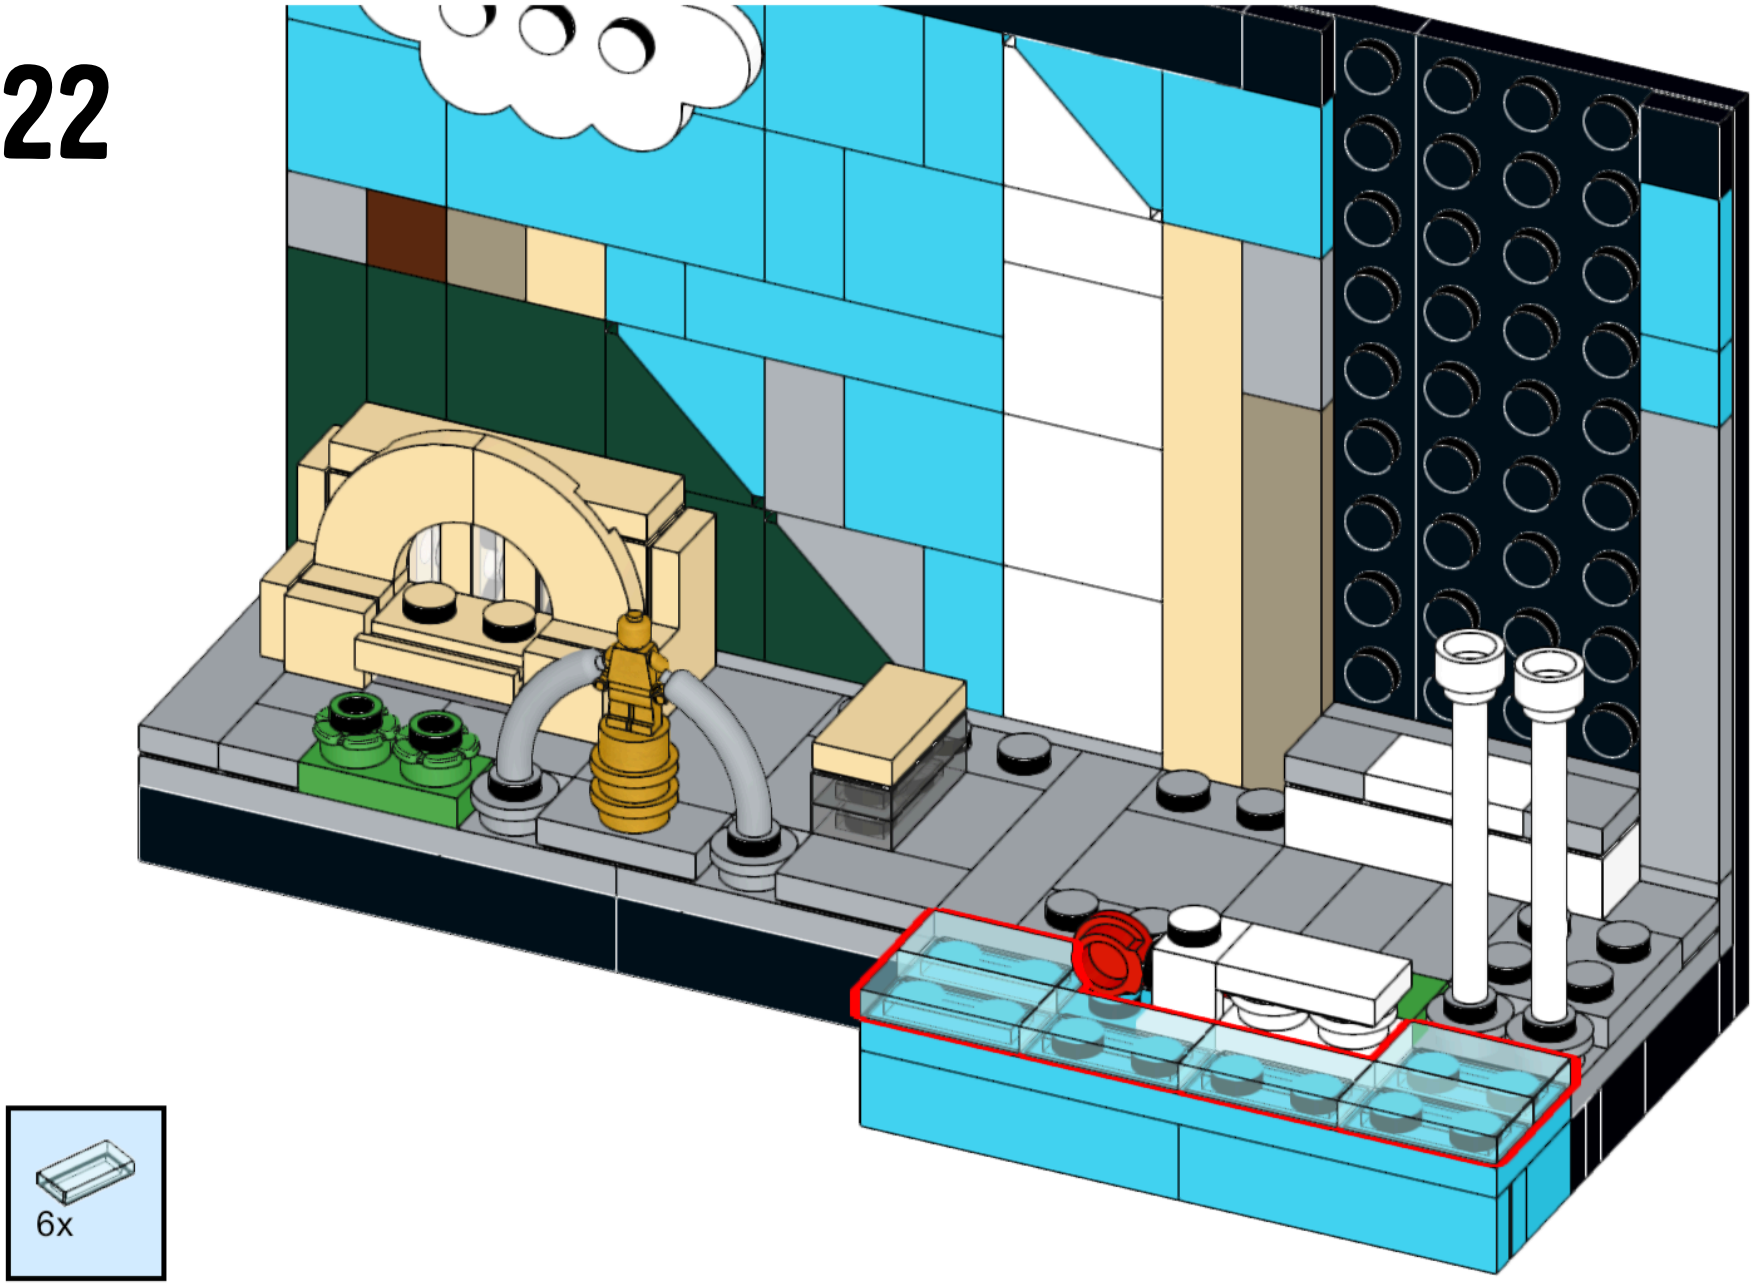
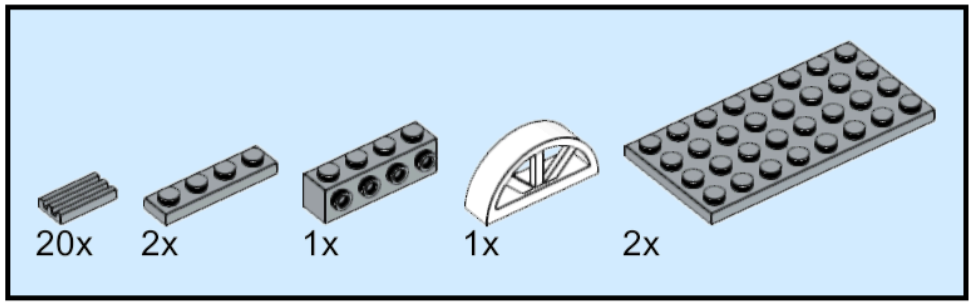
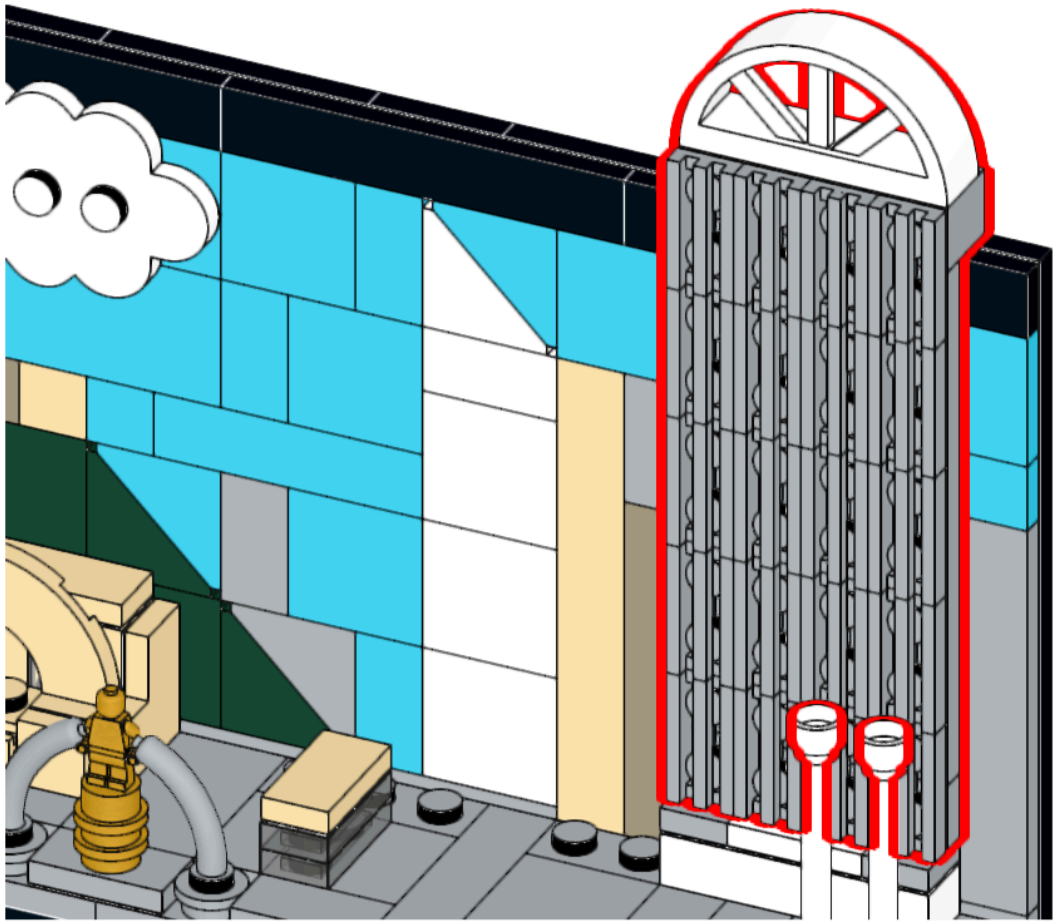
22

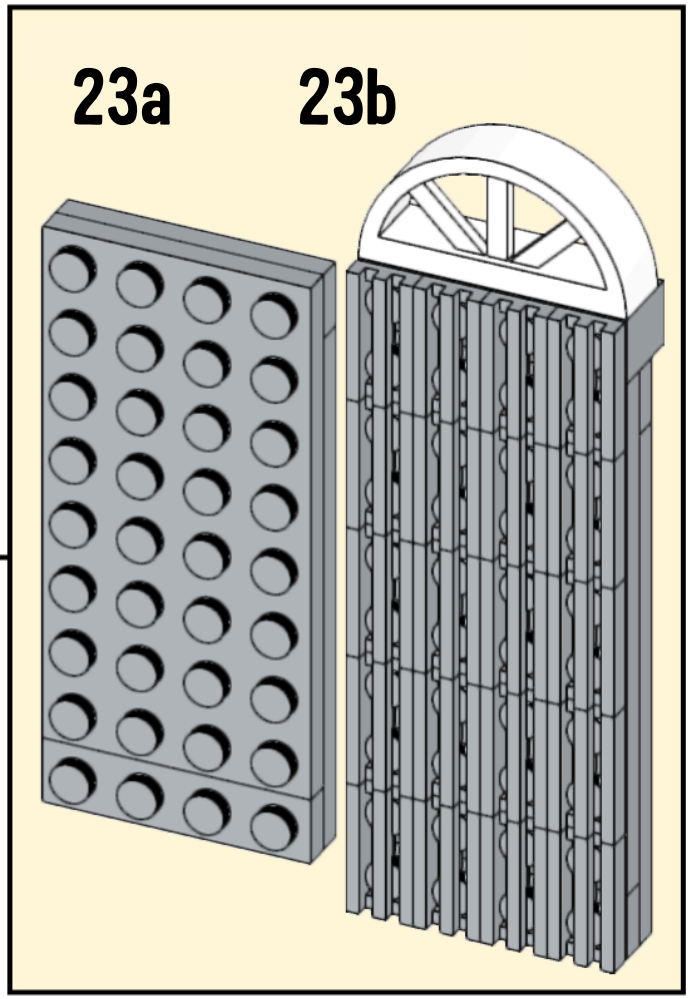


In the 19th century, Cincinnati was one of the busiest steamboat-building centers in the United States because of its location on the Ohio River.

23

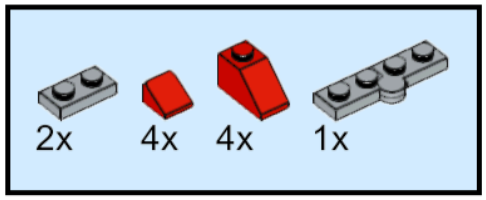


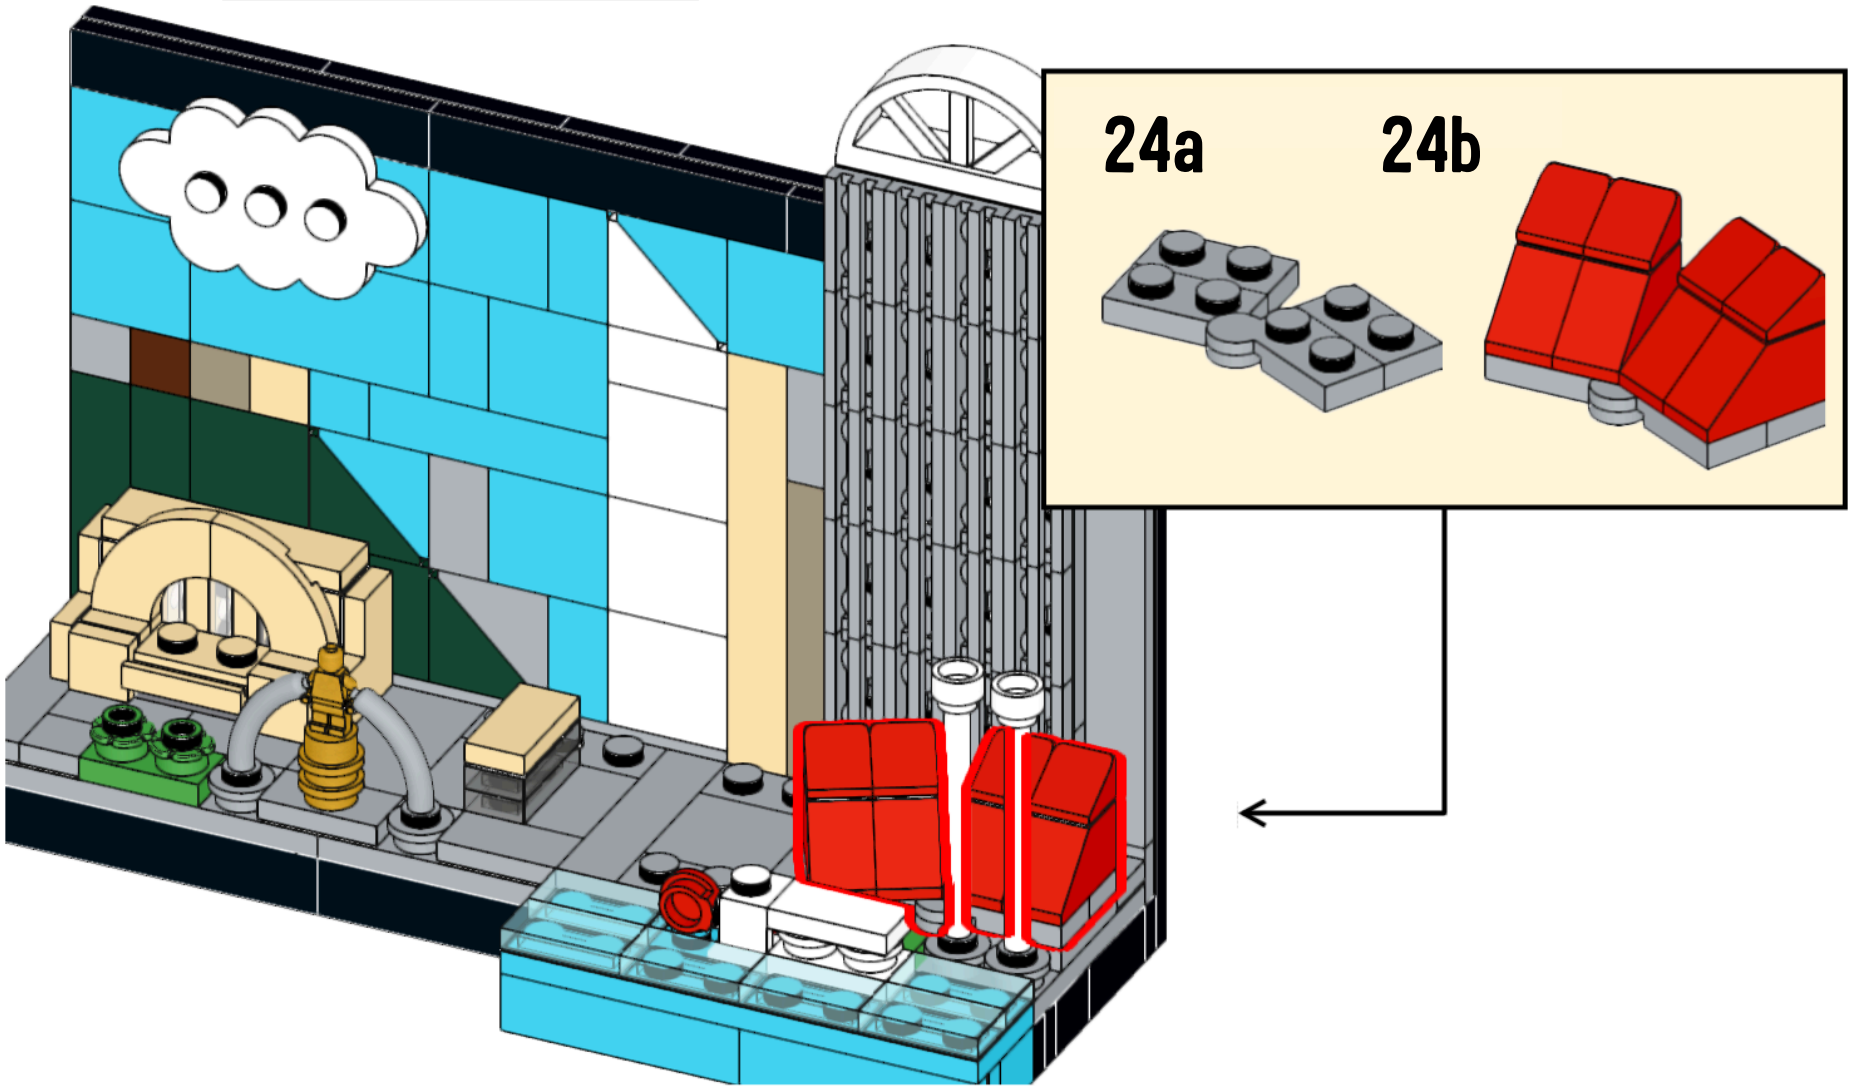




Completed in 2011, Great American Tower stands 665 feet tall, making it the tallest building in Cincinnati. The building's distinctive crown was designed to resemble a tiara, symbolizing the city's nickname, the "Queen City."

24





Great American Ball Park (2003) is home to the Cincinnati Reds baseball team. The stadium features riverboat themed decor that celebrate the city's steamboat heritage.
